

City of Newport Beach - Building Department

ADMINISTRATIVE POLICY

Effective Date	Subject	Policy No.
November 7, 2005	Construction Activity Noise Regulations	ADMIN - 10

While Section 10.28.040 of the Newport Beach Municipal Code (NBMC) prohibits work before 7:00 a.m. and after 6:30 p.m. on weekdays; before 8:00 a.m. and after 6:00 p.m. on Saturday and Sundays, and on Federal Holidays, its enforcement is usually compliant based by the Police Department since we and code enforcement are closed after hours.

We issue permits for work after hours periodically with the condition that the work will not generate noise that "will disturb a person working or residing in the vicinity" and after specific findings. If you receive inquires whether work is permitted on Federal Holidays, inform the customer that we do not grant inspections that day and caution the inquiring party that if they generate noise that disturbs someone, then they may be shut down by the Police Department.

Jay Elbetta, Building Director
